SAVE THE DATE

Amsterdam Reproduction & Development symposium

Friday 23 June 13.30 - 18.00 h

Venue in Amsterdam

Open to all AMC and VUMc researchers interested in Reproduction & Development themes

More information about the preliminary program on

www.amsterdamresearch.org/reproductiondevelopment

AR&D TRAVEL GRANT- *Spring round*

Deadline: 8 May 2017

Goal

Providing an opportunity for talented young researchers to attend an international symposium or congress, or for a short visit to an international lab or research group. This will result in expansion of your research network and building your CV.

Who can apply?

3rd or 4th year PhD candidates working on research topics related to Amsterdam Reproduction & Development.

What to apply for?

Max. 1000 euro reimbursement for travel and accommodation costs or congress fee.

Five grants are available in the spring round.

More information and application form, [see](#) the AR&D Travel Grant page or send an e-mail to RenD@amc.nl

AR&D POSTDOC GRANT

Deadline: 8 May 2017

Goal

Providing an opportunity to talented young post docs for an extra year of research time. To strengthen your independent research idea and to improve your CV so that you can increase your eligibility for a personal grant (VENI / ERC starting grant).

Who can apply?

Young post docs max. 5 years after PhD.

(extension is possible for medical training, parental leave and long term illness)

What to apply for?

Max. 80.000 euro for financing own salary and bench fee; two grants are available in 2017.

More information and application form, [see](#) the AR&D Postdoc grant page or send an e-mail to RenD@amc.nl
